### GRANGE NOTES

Grange Booster Night, held Tuesday, September 17, was very well attended, with 60 Grangers and friends taking part.

Preceding the program arranged by Lecturer Cynthia Knecht, six new Grange members were given the obligation by Worthy Master Ulfarley Russell.

Then followed a very enjoyable showing of films made of the Alcan Highway and Alaskan scenery. They were shown by Norval

Stephan and narrated by his son John, who took the films during his two years service in Alaska. The September refreshment committee offered excellent food at tables set with fall flowers. The annual auction of baked goods, produce, and fancy wares concluded the evening. The auction this year was financially very successful.

## It's A Quiet Home Now . . .

It's a quiet and subdued atmosphere that prevails at a house at Lake Margrethe where this writer makes his abode. After over twenty-one years of at least one child in the house (and mostly two, three or four) it is still quiet and calm.

The last and youngest bird has flown the nest. The two oldest are just a little lost and possibly confused. Twenty-one years of children's noise of laughter, tears and what have you, are not forgotten in a few short days.

Even Missy, our curly, black cocker spaniel appears slightly baffled by the turn of events. She is aware that some sort of a change has occurred in her way of life.

But such is the manner of living, a couple marries, children are born, the home is full of noisy, and usually happy confusion, which reaches an apex during the teen age years . . . and then all at once drops the velvet curtain of quiet.

We are well aware that this is no new sensation to many of our readers, but it is new and novel at our home and in other homes in our community this fall.

## HEART OF THE AMERICAN PRESS

**NATIONAL NEWSPAPER WEEK**

It is only a step along the path of life but one that we felt worthy of comment.

To those of you who have young children in your home, remember . . . this day of quiet comes very quickly. Before you know it, your children have finished grade school, graduated from high school and then they are off to college, to the service or to a position in another city or state.

They are gone. And in the quiet, you are left with only bitter-sweet memories. R. W. S.

## "Royal Thievery" . . .

Discussing the penalties imposed on the pocketbooks of the people by inflation, John S. Knight, editor of the Chicago Daily News shows that:

It robs the worker of his pension security. It robs the man who has invested in government securities as part of his savings.

It robs the dependents of veterans who depend upon insurance.

It robs widows and children of all people who have tried to provide for their families through insurance.

It cuts down the amount of goods that can be purchased by the growing army of old people.

And finally, Mr. Knight declares, it robs everyone who is dependent upon a fixed income from investments.

In the face of this, our senators and representatives go merrily on deflating the dollar by federal extravagance and waste — the process has been accurately termed "Royal Thievery".

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

September 27, 1934

Preliminary meetings have been held for the purpose of planning better management of the winter sports activities and park. This project is growing at a rapid rate and it was clear to most of those interested that some arrangements should be made to place it on a better business footing. Accordingly, William H. H. of the Kerry & Hanson Flooring Co., a gentleman well versed in business organization has drawn up a plan for taking care of the affairs of the association. The plan was submitted at a meeting held at the winter sports park Sunday afternoon and it met with unanimous approval. The plans provide for a large board of directors that will be comprised of nearly all the business men of Grayling. And there will be an executive committee upon whom most of the management will be vested. There will be the usual officers.

The new Hanson-Nelson block on the corner of Michigan avenue and Cedar street is just about finished and ready for occupancy. One section of the structure was completed early in August and is occupied by the Mac & Gidley drug store. The other and larger portion will be occupied by the A & P store. Already fixtures are being placed in the building and by next Monday this firm will be doing business in the new place. It will afford considerable more floor space over their former quarters—30 x 100 ft. in the inside. The building is of brick, with fine large plate glass windows for both the drug store and grocery store. Below the windows it is finished in black tile which gives the front a rich and pleasing effect. Holger (Dad) Hanson and Anthony J. Nelson, owners of the block, are to be congratulated.

The former's father Anthony Trudeau who had been visiting among his children and friends here for a couple of weeks, returned to his home in Ferndale with them.

Mrs. Margrethe Graham and her nephew Esbern, Jr., are

price. The old Boesen block that stood on the corner since Grayling was in its infancy, is now replaced by this fine, new structure.

At the annual Methodist conference meeting held in Saginaw over the past weekend, pastors of the several churches in the district were given assignments for the coming year. Rev. E. W. Zolner has been assigned the pastorate of the Nicholson Memorial Church of Grayling. He replaces Rev. H. J. Salmon who has been the pastor here for the past three years. The latter was assigned to the M. E. Church at Grass Lake, a nice little village of about 800 population in a splendid agricultural region near the city of Jackson.

Amateur night at Spike's Beer Garden last night was so much of a success that the management is planning to make this a weekly party. "Babe" Laurant stole the show with an impersonation and there was a broken language. He won first prize. The newly organized German band composed of Sam Smith, Will Hie, Jess Sales, Earl Stafford, Sam Cooley and Jack Clark, made a hit with the crowd and won second prize. Maurice Bennett playing a mizmar organ and Clara Rood a guitar won third prize. Cash prizes were awarded.

Bill Harrison, who is employed by the F. E. R. A. in Mackinaw City, spent Monday with his mother, Mrs. Anna Harrison. He was accompanied by Roy Dean.

Walter Johnson returned to his work at the A & P store Friday after enjoying a week's vacation visiting his parents in Roscommon and friends in Cadillac and Marquette.

Mr. and Mrs. Fred Swan of Flint spent the weekend at the Creque cottage on the main stream.

Waldemar Hanson Jr. of CCC Camp Glennie, spent the weekend visiting his mother, Mrs. Marie Hanson.

Miss Lucille Hulme left Sunday evening for Kalamazoo where she will enter Bronson Hospital to take a nurses' training course.

Miss Janet Matson, of Detroit, spent the weekend visiting her mother, Mrs. Edna Matson. She had as her guest Russell White.

Mrs. Daisy Barnett has been appointed chairman of membership for Crawford County for the Republican Women's Federation of Michigan, which she has duly accepted.

Grayling Golf Club members are looking for a pro for the club for next year. We have an excellent nine-hole course, a fine clubhouse and an enthusiastic membership, and here is a fine opportunity for some good pro for next season.

Anthony Green returned to his duties as manager of the meat department of the A & P store Friday, after a week's vacation. Part of the time he spent in Wisconsin and taking in the World's fair in Chicago, besides visiting at his home in Manistee and at the Soo.

Michigan State College football will be on the air this fall. WKAR, the broadcasting station of the College, has completed arrangements whereby the play by play report of all games on the Spartan schedule will be brought to followers of the Green and White. Mrs. Harry Conline and Mrs. A. J. Joseph were in Traverse City Monday and while there Mrs. Conline did some "deep sea" fishing in Grand Traverse Bay. And the hooking and landing of a 7 1/2 pound trout was the latter's reward for the adventure.

Mr. and Mrs. A. J. Trudeau left Sunday to spend the week in Detroit, on business and pleasure.

The former's father Anthony Trudeau who had been visiting among his children and friends here for a couple of weeks, returned to his home in Ferndale with them.

Mrs. Margrethe Graham and her nephew Esbern, Jr., are

leaving today to spend several days at the Century of Progress, Chicago.

During the electrical storm last Thursday evening lightning struck a transformer at the Grayling Fish Hatchery following the wires into the building and setting fire to the main structure. Nightman Russell Robertson discovered the fire before little damage had been done. That same night about an hour later while the storm still raged, lightning struck into one of the ponds killing about 20 large trout.

Charles Amldon reports that the work on the storm sewers is finished. For the past few weeks he and a crew of workmen built 17 new catch basins and repaired 13 old ones. This gives Grayling an excellent system of storm sewers. The next thing that is necessary is to regrade some of the streets served by the storm sewers so that the water will drain off the roadways to the gutters. At present on a number of the many places, too flat at water stands in the street causing holes and puddles of water. This, the street committee of the council hope to have remedied just as quickly as it is possible to do so. Engineer C. A. Miller is now busy laying out plans for this work.

46 YEARS AGO

First killing frost of the season came here Monday night.

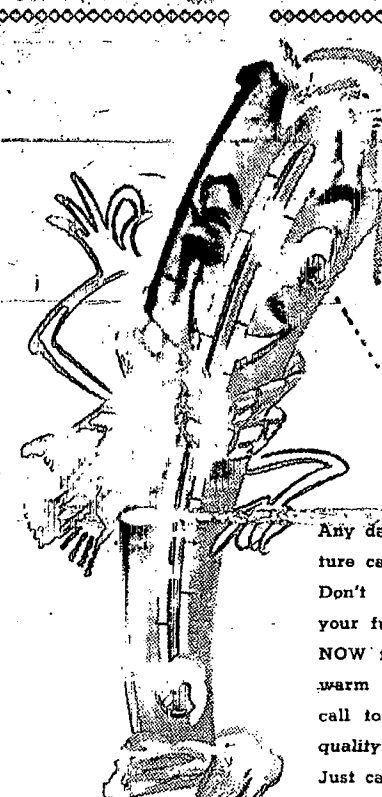

James Smith lost a \$250 horse Monday night, died with lockjaw.

Mrs. Thomas Cassidy spent Sunday with her parents in Cheboygan.

**SCOUT COUNCIL PLANS AREA FUND RAISING**

Officers for the integrated financial campaign of the Paul Bunyan Council Boy Scouts were announced today by Merle E. Hopper of Higgins Lake, general chairman.

Comprising the counties of Arenac, Benzie, Gladwin, Iosco, Leelanau, Mackinac, Montcalm, Emmet, and Cheboygan, the Paul Bunyan Council will need \$34,000 to bring scouting to boys in 1955.

Of this amount, \$25,000 will be contributed by the Midland City and County Community Fund. The Community Fund with a budget goal of a quarter of a million dollars for its 19 member agencies, has allocated the \$25,000 to the Paul Bunyan Council, which is nearly 75 per cent of the total \$34,000 Council budget.

The 40ing Scouts of the Paul Bunyan Council in the Council are residents of Midland city and county.

The remaining 25 per cent, totaling \$9,000 must be raised by contributions from the citizens of the other six counties.

However, only 55 per cent of this task by Donald Dow Sr., of Roscommon and Arthur E. Crawford of West Branch as vice-chairman.

Other officers for the campaign will be Leonard Bergquist of Midland, special gifts; Dr. Frederick Dow of Midland, team organization; Harry Wehrly of Midland, arrangements; Hopper, prospects and rating; Joseph F. Porter of Cheboygan, audit; and James G. Robinson of Midland, public relations.
